SUMMARY

Highly analytical professional with 8 years of experience driving business growth through data-driven insights. Proven expertise in leveraging NumPy, Python, and Scikit-learn to develop predictive models. Skilled in Tableau and Power BI for interactive visualization. Strong background in machine learning engineering, analytics management, and business intelligence analysis.

EXPERIENCE

Analytics Manager

UrbanGrid Mobility

04/2025 – Present

Spearheaded cross-functional teams to develop predictive models using NumPy and Python, driving 20% increase in route optimization efficiency. Utilized Tableau for interactive visualization of key performance indicators, enhancing stakeholder alignment. Collaborated with business stakeholders to identify opportunities, resulting in a 15% revenue growth.

Senior Business Intelligence Analyst

Pacific Trade Systems

08/2022 – 11/2024

Led the development of enterprise-level analytics solutions using Scikit-learn and Power BI, improving decision-making by 30%. Collaborated with data scientists to design predictive models, resulting in a 12% reduction in operational costs. Provided actionable insights to senior leadership, informing strategic business decisions.

Business Intelligence Analyst

Meridian Systems

11/2018 – 03/2022

Analyzed high-volume customer base data using NumPy and Python, identifying trends and opportunities for growth. Developed interactive dashboards with Tableau, enabling business stakeholders to track key performance indicators in real-time. Collaborated with cross-functional teams to design and implement data-driven solutions.

Machine Learning Engineer

Pioneer Automation

10/2015 – 06/2018

Designed and developed predictive models using Scikit-learn, improving forecasting accuracy by 25%. Utilized NumPy and Python to optimize machine learning algorithms, resulting in a 20% reduction in processing time. Collaborated with data scientists to integrate machine learning models into larger analytics solutions.

EDUCATION

B.S. in Computer Science

Riggs University

11/2010 – 08/2015

SKILLS

NumPy | Python | Tableau | Scikit-learn | Forecasting | Power BI | Pandas
