SUMMARY

Results-driven Senior Data Analyst with 5+ years of experience in driving business growth through data-informed decision making. Skilled in ETL, data visualization, and model monitoring, with a proven track record of delivering high-quality insights to drive strategic initiatives.

EXPERIENCE

Senior Data Analyst

Summit IT Services

02/2024 – Present

Spearheaded cross-functional teams to develop and deploy predictive models, driving 20%+ increase in sales forecasting accuracy. Utilized ETL skills to streamline data workflows, reducing processing time by 30%. Collaborated with stakeholders to design and implement A/B testing experiments, resulting in a 15% boost in customer engagement.

Data Analyst

CloudNine Systems

11/2022 – 10/2023

Analyzed large datasets to identify trends and opportunities for process improvements. Applied data visualization skills to create actionable insights, informing business decisions that led to a 12% reduction in operational costs. Developed and maintained complex SQL queries to support enterprise-level analytics initiatives.

Business Intelligence Analyst

CloudNine Systems

04/2021 – 10/2022

Designed and implemented data visualization dashboards to monitor key performance indicators, enabling real-time business intelligence. Collaborated with stakeholders to develop experiment designs, resulting in a 10% increase in customer retention rates. Utilized feature engineering skills to improve model accuracy, driving informed decision making across the organization.
