SUMMARY

Highly accomplished Senior Business Intelligence Analyst with 6+ years of experience driving business growth through data-driven insights, leveraging expertise in Apache Spark, SQL, and Tableau to drive strategic decision-making. Proven track record of delivering high-impact projects that drive revenue growth and improve operational efficiency.

EXPERIENCE

Senior Business Intelligence Analyst

03/2026 – Present

Meridian Systems

Designed and developed data-driven solutions to inform business strategy, leveraging Apache Spark for large-scale data processing and Tableau for interactive visualizations. Collaborated with cross-functional teams to develop predictive models that drove revenue growth by 15%. Implemented A/B testing framework to optimize customer engagement, resulting in a 20% increase in conversions.

Business Intelligence Analyst

07/2024 – 01/2026

TechCorp Solutions

Analyzed and interpreted complex data sets using SQL and Tableau to inform business decisions. Developed and maintained dashboards for executive leadership, providing real-time insights into key performance indicators. Collaborated with stakeholders to develop forecasting models that improved inventory management by 12%. Implemented model monitoring framework to ensure predictive accuracy.

Data Engineer

10/2020 – 05/2024

Nexus Technologies

Designed and developed large-scale data pipelines using Apache Spark, processing terabytes of data for customer insights. Collaborated with data scientists to develop machine learning models that improved product recommendations by 10%. Implemented data quality checks to ensure data integrity.

Machine Learning Engineer

05/2017 – 04/2020

Sterling Partners

Developed and deployed machine learning models using Scikit-learn for customer segmentation and predictive analytics. Collaborated with cross-functional teams to develop A/B testing frameworks that improved conversion rates by 12%. Implemented model monitoring framework to ensure predictive accuracy.

EDUCATION

B.S. in Business Administration

07/2013 – 04/2017

Sullivan University

SKILLS

- Apache Spark
- SQL
- Tableau
- Forecasting
- A/B Testing
- Model Monitoring
- Scikit-learn
