SUMMARY

Highly skilled Data Science Manager with 6+ years of experience driving business growth through data-driven insights. Proven track record of leveraging Scikit-learn, Pandas, and Apache Spark to develop predictive models, drive process improvements, and inform strategic decisions.

EXPERIENCE

Data Science Manager

12/2023 – Present

GreenEarth Logistics

Designed and implemented data-driven solutions to optimize logistics operations, resulting in a 20% reduction in costs and a 15% increase in delivery efficiency. Utilized Apache Spark for large-scale data processing and Scikit-learn for predictive modeling. Collaborated with cross-functional teams to integrate insights into business strategies.

Analytics Lead

06/2022 – 06/2023

BrightPath Health Tech

Led a team of analysts in developing data visualizations and statistical models to inform healthcare decisions. Utilized Tableau for interactive dashboard creation and Pandas for data manipulation. Successfully implemented process improvements, resulting in a 12% increase in patient satisfaction and a 10% reduction in readmission rates.

Senior Data Analyst

07/2019 – 04/2022

DataFlow Inc

Developed predictive models using Scikit-learn to identify high-risk customers and optimized marketing campaigns, resulting in a 15% increase in conversions. Collaborated with data engineers to design and implement data pipelines using Apache Spark. Provided data-driven insights to inform business decisions and drive process improvements.

Data Analyst

11/2017 – 01/2019

Summit IT Services

Analyzed customer behavior and market trends to inform product development, resulting in a 12% increase in sales. Utilized Pandas for data manipulation and Statistics for hypothesis testing. Provided data-driven insights to stakeholders, driving business growth and informing strategic decisions.

EDUCATION

B.S. in Electrical Engineering

Bell University

04/2014 – 09/2017

SKILLS

- Scikit-learn
- Pandas
- Apache Spark
- Tableau
- Statistics
- Data Visualization
- Model Monitoring
