SUMMARY

Results-driven Machine Learning Engineer with 3+ years of experience driving business growth through data-driven insights and predictive modeling. Skilled in Power BI, Statistics, Data Visualization, Pandas, Apache Spark, NumPy, and Scikit-learn.

EXPERIENCE

Machine Learning Engineer

Orbit Media Labs

08/2024 – Present

Designed and developed scalable machine learning models using Apache Spark to predict customer churn, resulting in a 20% reduction in attrition rates. Utilized Scikit-learn libraries to build predictive algorithms for product recommendation, driving a 15% increase in sales. Collaborated with cross-functional teams to integrate data-driven insights into business decision-making processes.

Data Analyst

Orbit Media Labs

03/2023 – 07/2024

Analyzed large datasets using Pandas and NumPy to identify trends and patterns, informing business strategy and driving revenue growth. Developed interactive dashboards with Power BI to visualize key performance indicators, enabling stakeholders to make data-driven decisions.

Business Intelligence Analyst

Orbit Media Labs

03/2021 – 02/2023

Developed and maintained enterprise-level business intelligence solutions using Power BI and Statistics. Designed and implemented data visualization reports to inform business operations, resulting in improved process efficiency and reduced costs.

EDUCATION

B.S. in Software Engineering

Durham University

06/2016 – 12/2020

SKILLS

Power BI | Statistics | Data Visualization | Pandas | Apache Spark | NumPy | Scikit-learn
