SUMMARY

Highly experienced Analytics Lead driving business growth through data-driven insights and strategic decision-making. With a strong background in data analysis, visualization, and engineering, I excel at identifying trends, optimizing processes, and improving overall performance. Proven track record of delivering high-impact projects and collaborating with cross-functional teams to drive enterprise-level results.

EXPERIENCE

Analytics Lead

Echo Communications

08/2024 – Present

Led the development of data-driven marketing campaigns, leveraging expertise in data visualization tools like Tableau to create actionable insights. Utilized Scikit-learn and Pandas to analyze customer behavior, identifying opportunities for growth and optimizing targeted promotions. Collaborated with cross-functional teams to drive campaign execution and measure success.

Senior Data Analyst

Meridian Systems

03/2021 – 06/2024

Owned the analysis of complex business problems, applying statistical modeling techniques to forecast customer behavior and optimize resource allocation. Utilized SQL skills to extract insights from large datasets, informing strategic decisions and driving process improvements across multiple departments.

Senior Business Intelligence Analyst

CoreStack Platforms

11/2018 – 11/2020

Designed and implemented data warehousing solutions, integrating data sources and creating enterprise-level analytics platforms. Collaborated with stakeholders to develop key performance indicators (KPIs), tracking progress and driving strategic decision-making.

Data Engineer

DataFlow Inc

09/2014 – 07/2018

Built scalable data processing pipelines, utilizing Python and Pandas to extract insights from large datasets. Collaborated with developers to integrate data solutions into enterprise-level systems, ensuring seamless integration and optimal performance.

EDUCATION

B.S. in Business Administration

Stephens University

04/2010 – 07/2014

SKILLS

Data Visualization | Scikit-learn | Tableau | Pandas | SQL | Statistics | Forecasting
